5th Annual Northern Virginia Transportation Roundtable *A 2020 Vision and a Look Beyond*

Presented by:

The Northern Virginia Transportation Authority (NVTA) and The Intelligent Transportation Society of Virginia (ITS Virginia)

Wednesday, March 11, 2020
8:00 am – Noon

This event is a roundtable discussion organized by the Northern Virginia Transportation Authority (NVTA), a regional body focused on relieving congestion and improving quality of life for Northern Virginians and those traveling in the D.C. region, and the Intelligent Transportation Society of Virginia (ITS Virginia), which is the pre-eminent Virginia organization for information exchange regarding the use of intelligent transportation systems (ITS) to support operations. The roundtable, which will be both informative and interactive, is comprised of three plenary sessions, two of which are led by a panel of transportation and technology experts, and another offering an upcoming transportation technology program overview.

Everyone at NVTA and ITS Virginia hopes you will join us for the 5th Annual Northern Virginia Transportation Roundtable.

Program

7:30 am – Registration

Networking and a provided continental breakfast

8:00 am - Welcome

- Monica Backmon, Executive Director, Northern Virginia Transportation Authority
- Stacey Craft, Assoc. VP, Mid-Atlantic Intelligent Transportation Systems Practice Leader, HNTB Corporation, and President, Intelligent Transportation Society of Virginia

Welcoming statements will be followed by live-polling questions.

(Agenda continued on following page)

A special thank you to John Marshall Bank for sponsoring breakfast.

8:15 am – Connected, Autonomous, Shared, and Electric (CASE) Vehicles; Is the DC Metro Area Ready?

The new mobility revolution presents opportunities for travelers and the challenges for policy makers. This session will explore current activities in Maryland, the District and the Commonwealth.

- Moderated by: Max Smith, Northern Virginia Reporter, Anchor and Editor, WTOP
- Panelists:
 - Andrew Meese, Systems Performance Planning Director, Metropolitan Washington Council of Governments
 - Amanda Hamm, Connected and Automated Vehicles Program Manager, VDOT – Office of Strategic Innovation
 - Nanette M. Schieke, Chief, Driver Safety Division, and Lead Staff, Maryland Connected & Automated Vehicles (CAV) Working Group, MDOT
 - Jennifer Debruhl, Chief of Public Transportation, DRPT
 - Councilmember David Snyder, City of Falls Church, Authority Member, and Chair, NVTA Transportation Technology Committee

This panel will be followed by live-polling questions.

9:45 am - Break

10:00 am – How Would the Private Sector Like the Metro Area to Embrace Transportation Technologies?

Disruptive technologies are already here, and beginning to change the way we travel. This session will feature a panel discussion with representatives of the region’s business community.

- Moderated by: Max Smith, Northern Virginia Reporter, Anchor and Editor, WTOP
- Panelists:
 - George Thomas, Vice President of Innovation & Strategic Initiatives, Connected DMV
 - Ronit Dancis, Director, Transportation Management Association, Tysons Partnership, Inc.
 - Dan Schlaff, Director of Strategy and Business Development, Via – On-Demand Transit
 - Ryan Westrom, Head of Mobility Engagement - East Coast, City Solutions, Ford Mobility
 - Stilson Applin, Product Engineering Manager, Micron Technology, Inc.

This panel will be followed by live-polling questions.

11:45 am – Regional Multi Modal Mobility Program (RM3P) Overview

- Monica Backmon, Executive Director, Northern Virginia Transportation Authority
- Catherine McGhee, Director of Research and Innovation, Office of Transportation Innovation, Virginia Transportation Research Council (a division of the Virginia Department of Transportation)

A special thank you to John Marshall Bank for sponsoring breakfast.
