2023 ANNUAL CONFERENCE
May 10-11, 2023
 Richmond Marriott Downtown

**TRANSPORTATION
 TECHNOLOGY** WITH PURPOSE

Thursday May 11

7:30 AM - 8:30 AM

Breakfast

8:30 AM - 10:00 AM

ITS for Reliability - Plenary #3

This session focuses on making transportation more efficient for all users. Two of our presentations will share ways ITS helps improve reliability through Active Traffic Management Strategies. Our third presentation will explore equity and how we ensure service to all users through a behind the scenes look at the Toll Relief Program for the Elizabeth River Crossings.

Alan Toppen, P.E., Moderator; Kimley-Horn
 Rachel Hensler, EIT; Kimley-Horn
 Nate Rahaim, PE, PTOE, RSP1; JMT
 David Caudill, P.E.; VDOT

10:00 AM - 10:15 AM

Break with Exhibitors

10:15 AM - 11:45 AM

ITS for The Future - Plenary #4

A key component of staying on the cutting edge is research. During this townhall formatted session, we'll hear about some of the latest in transportation research and how those studies are being evaluated, funded, and applied to build the transportation systems of tomorrow. Bring your questions for the panel!

Kodi Berger, P.E. - Moderator; Kimley-Horn
 Kun Xie, Assistant Professor, Old Dominion Univ.
 Michael Mollenhauer, Division Director, VTTI
 Paul Szatkowski, Operations, P&D, VDOT
 Rachel Jones, Dep. Sec. of Transportation

11:45 AM - 12:30 PM

Closing Session & Agency Updates

Zach Trogdon, Chief of Public Transportation, DRPT
 Kevin Gregg, Chief of Operations & Maintenance, VDOT
 Sandy Jack, Assistant Commissioner for Data Management, DMV
