## John Clementson

*Deputy Chief Engineer, Public Service Commission of Maryland*

John Clementson is a Graduate of UMBC in December 1991, with a Bachelor of Science in Engineering. John began his career with the Public Service Commission of Maryland in January of 1998 as a Pipeline Safety Engineer. He was promoted to Assistant Chief Engineer in 2011 and currently is the Deputy Chief Engineer, since 2016.

## Eric Kuster

*Senior Vice President, Safety, Education & Compliance, PERC*

Eric Kuster joined the Propane Education and Research Council (PERC) as the Sr. Vice President of Safety, Education and Compliance in August of 2019. In this role Eric has overall responsibility for PERC's safety, training and compliance programs including the PERC Education Program (PEP) and works with industry stakeholders on several regulatory organizations include the NFPA 58 technical committee and World Liquid Gas Association. Eric graduated from Delaware Valley University with a Bachelor of Science degree and after graduation was involved in emergency services as a firefighter and 911 dispatcher. He started his career in the propane industry in 1990 working in almost every aspect of wholesale and retail propane operations including Director of Safety and Training for a multistate propane and petroleum marketer. He then expanded his safety career as the National Director of Risk Engineering for an insurance underwriting company providing safety and compliance guidance, incident investigation and subject matter expertise for industries including propane, natural gas, and explosives. Prior to joining PERC Eric held the position of Director of Safety and Certification for the National Propane Gas Association (NPGA).

## Chris Wagner

*Vice President of Codes, Standards, & Safety, NPGA*

As the Vice President of Codes Standards and Safety of the National Propane Gas Association (NPGA), Chris serves as an advisor to executive staff on issues of a technical nature that have a direct impact on policy with a particular focus on, but not limited to, codes and standards. Chris also acts as the lead safety representative for the industry in partnership with the Propane Education and Research Council. Chris serves on multiple technical codes and standards development committees, where he advocates for the association's positions and policies. Prior to joining NPGA, Chris served in multiple organizational leadership roles over his 36 year career including; as Director of Compliance and Regulatory Affairs for AmeriGas Propane, L.P., Executive Vice President of Global Operations for HMHTC Response Incorporated, HazMat Chief for the City of Wilmington, Delaware & Delaware County, PA, and served on Active Duty in the United States Coast Guard.
